**PURPOSE/BACKGROUND:**

This bill updates the City’s drought conservation measures in accordance with recent revisions to the Southern Nevada Water Authority’s Drought Plan. The initial Plan included reference to various stages of drought which would form the basis for varying levels of water-conservation restrictions. The Plan has been revised to eliminate reference to the various stages of drought, recognizing that drought conditions are ongoing and that current conservation requirements should be implemented for the foreseeable future. This bill will revise the City’s ordinance accordingly.

**RECOMMENDATION:**
